If I am to die I'd die here
Because I felt as if it was my last chance I felt that I will be take away so far away that I will never be able to reutrn if I am taken away again
If my death is inevitable that's fine but not right now

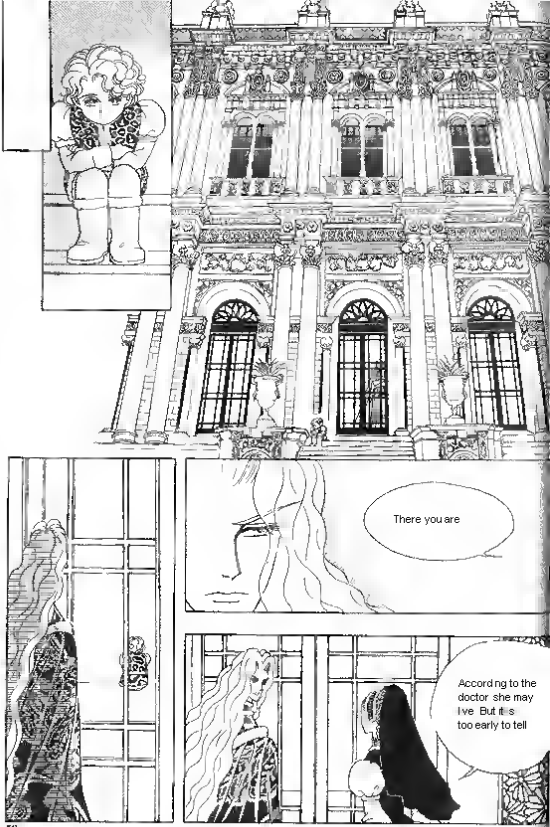
Her wound by a knife isn't serious..
But she fell from second floor. A lot of her bones are cracked and broken. However, I am glad to say that I have yet to detect any internal bleeding
I will be able to tell more when she regains her consciousness But as long as there isn't cerebral hemorrhage, I'd say she will survive
That's all I can say for now
Even if she does wake up it will take a long time to fully recover
Make sure that
she lives
I will do my best
I am not asking you to do your best You will make her live !



There you are
According to the doctor she may live. But it is too early to tell

What are you going to do to the woman ?
She stabbed Lala That means the same as stabbing Sibel
I don't care It s none of my interest
Then it s my interest
So ?
If you are going to do nothing about it, then I will
Sibel is your son What she did is assault of the royal family
I've never acknowledged Sibel and I never will

It seems so

She has no root and managed to come here from Ramra Yet she still lives
Good luck, she has.
Any permanent damage ?

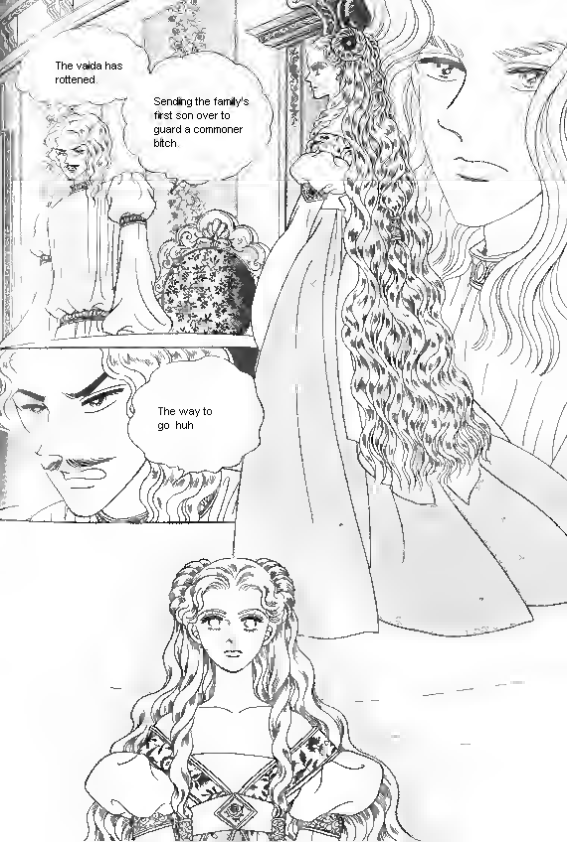
I thought you were coming home late because of the conference...
It s postponed to tomorrow
Postponed ? I thought It was an important conference
Not to the k ng perhaps
Yes ?

There was fire in backyard of the castle.
Fire ?
I fear that she sn't dead
She must be killed
If not our Eshld w ll be

So you even tr ed to cremate her
Yet you fa led
You are a noble
Do not eavesdrop
I was told that you were home So I was com ng to greet you
I suggest you don't talk about sens t ve stuff wth doors open
The f re was not my nt ent on You understood it wrong
That s we rd How could have f re happened espec ally when the Va da was stand ng guard nearby ?

I don't know why. But he was at the conference.
The king has asked him for responsibility.
Probably
patrol and guard increase s expected
Damn the king !
How could he postpone such an important meeting just because of that commoner ?
He thinks he really owns the throne, huh?



The vaida has rottened.
Sending the family's first son over to guard a commoner bitch.
The way to go huh

Nothng else has been found chef
Are you absolutely certain ?
Yes we've searched over and over

The bones indicate that there was no struggling.
They were cremated after death
They appear to be male
They were dead
Someone killed them and put on fire
to get rid of the bodies?

Those two were here for something...
and someone killed them ?
Who
Is f re dead completely ?
Yes chef
and why were they here n the f rst place ?
Put these bones as s n a box and put it n the storage
Yes

What ?
Are you implying that I knew there was going to be fire ?
Why did you bring me out of the building ?
I wasn't needed at the conference Yet you literally forced me to leave my post
Is this how you talk to your father? Are you saying I am a suspect ?
I am sorry

Two bod es were found n the garden
Someone must have killed them and cremated them
You really don't know?
Of course, I don't !

벌컥

I am really sorry
We were ht from back and lost consc ousness

Why did he turn himself in the first place if he was going to escape ?
Maybe he got scared of death
Is he playing with us or what ?
I told you to kill the woman not put on fire
The woman is still alive
And they have not returned
And Sed disappeared
Did he ?

I believe you know what you've done.
Are you prepared?
Get her out of here!
Wait!
Even if it is you, I am the king's mistress
If I am to die I will die by his sword
There is no need to call the king and play your trick on him
He has abandoned this case
Whether you live
or dies
purely my decision!

That s strange
I still don't understand why I have to be executed
You don't ?
I attacked a mere commoner form Ramra
And It is not like she s dead as result of my assault
I was once the king s mistress I don't see how I need to be executed for what I ve done My crime was too weak to lead me for execution

How rude you are I know you aren't educated properly But you've crossed the line
Fine you will be executed anyway So I will tell you
Sibel is my step son
You tried to kill Sibel's aunt That is the same as trying to kill Sibel himself
You had no decent reason to kill a noble Do you still not understand ?
I still do not, milady
Even if he is your step son his roots is unknown
Furthermore his aunt is from slum as far as rumors say

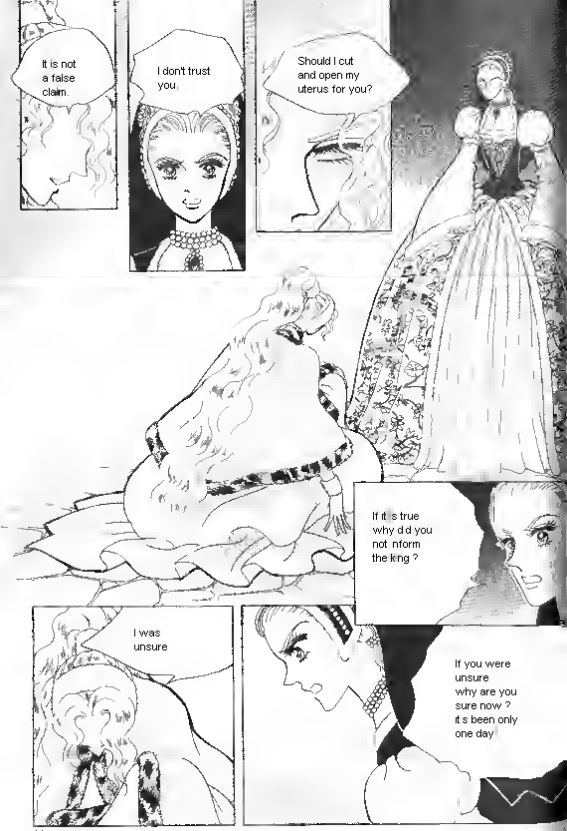
We had a little
f ght and it went
a little overboard
Is that severe enough
to execute a woman
who s bear ng
a kng s ch ld ?
What ...
did you say ?

Princess

You what ?
What did you just say ?
If a prince with unknown roots is so important to you
I cannot imagine how precious a king's child with clear root
will be milady
Get to your point
What does a king's child have to be with you ?

I am afraid
I am not alone
What
You never mentioned that you were pregnant when you were arrested And now you are ?
You do realize output of your action if your claim is false do you not ?

Jaranes
www.janimes.com



It is not a false claim.
I don't trust you.
Should I cut and open my uterus for you?
If it is true why did you not inform the king ?
I was unsure
If you were unsure why are you sure now ? it s been only one day!

What you are doing is trying to test your luck !
I have no lingering attachment to my life.
If I am executed, I will feel resented, But that is it. I will die with the child
Just because you do not want to believe that does not change a fact
Call a doctor
Yes
And take her to the castle s ward

Your majesty I do not know how to explain me to you. But Ran hee itta.

First of all I apologize for my disappearance
I was prepared to face my death, but I cannot anymore

How should I translate this ?
So...it was you ?
Please do not send assassins anymore

You killed my men ?
Why ?
Why are you standing against me ?
What is making you to disobey the king?
Protect who he wanted me to
What does that have to do with this ?
Se Ren what are you up to ?

Mlady
So what s it ?
If you le you w ll be pun shed as well

So, what is it ?
It is ... too early to tell.
I am not certa n but I bel eve you may be pregnant
You are not certa n ?
I need an actual answer here Is she or s she not ?

One more week and I will be able to give you a clear answer...
But right now that is all I can tell you.

Thank you m lady

Bll .
What's wrong?
I have a favor to ask you.
Could you increase guards in this area significantly ?
Bl ?
I am sorry to bother you with this.
But I know you can do it without letting the king know.
Is it because of the rre ?
Or s it because of someth ng else ?

Someone is trying to kill me.
I don't know who
I managed to surv ve th s t me but
I am scared
I ve already ncreased patrol
It won't happen aga n Don't worry

It's just the patrol.
Bil?
How
How will I protect myself?

I can't die.
I must I've
I must live so that
My baby can born.
Baby ?
How could I protect myself ?
Leo. what must I do ?
My baby how could I protect my baby ?

That moonless night...
My fate told me ...
to protect who might be the only heir of Ramra
The baby in shadow
I must protect

Lady, why didn't you tell me that you were pregnant ?
I didn't know
Yes ?
I wished to be pregnant But I was just trying my fate
I had a weird dream last night So
I thought
Maybe Just maybe
I had no way to be certain
Anyway is she really going to confine me here until this certain?
it is really hard to predict her thoughts

..... So,
Ramira is not going
to just ignore
this problem.
Sire do you
have any
solution ?
Mercenaries

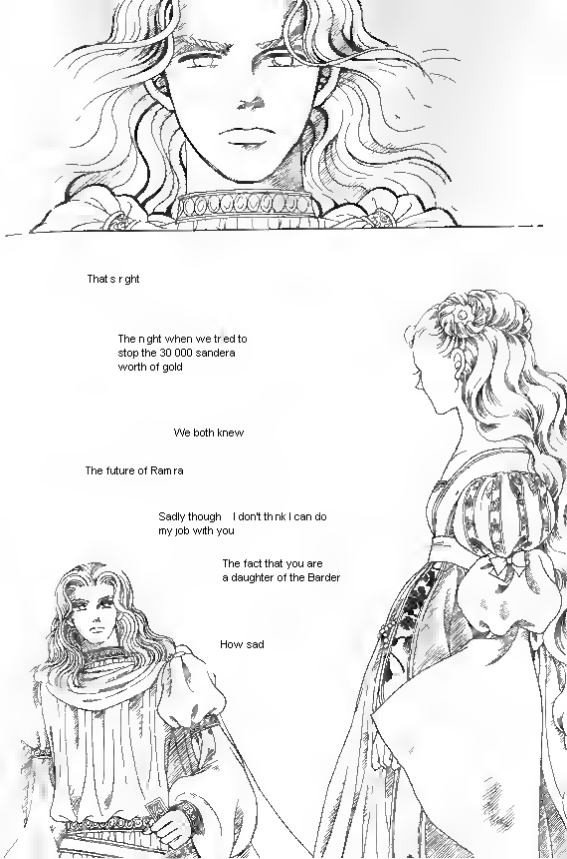
That is against
R.S.A. treaty.
According to the
treaty, when
one of the countries
are in a trouble,
the other countries
are supposed to help.
If Skador sends men,
Ramira will gladly accept.

Well
We will buy mercenaries
However we will not let them
walk into Ramira territory
That can work can't it ?
We won't hire many
it's just to fight the
pirates

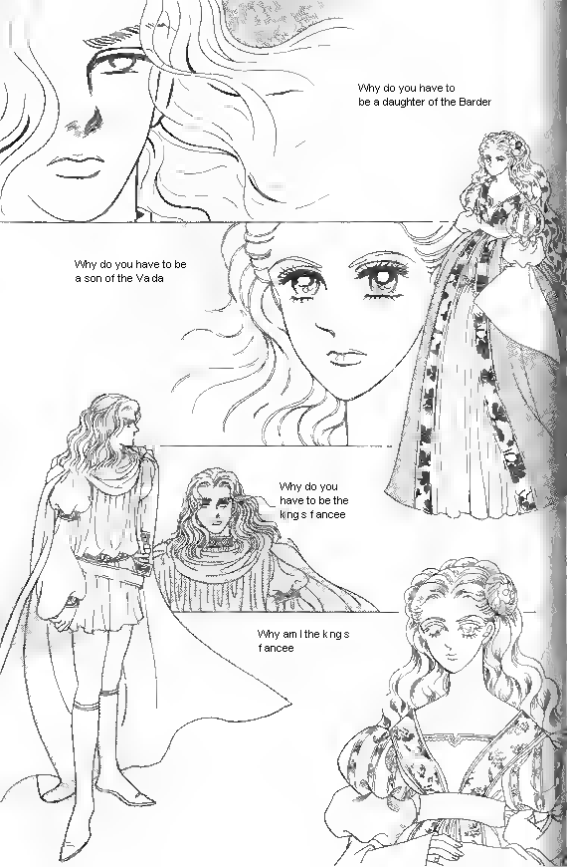
Why are you here ?
The conference s talking so long
So I figured Id look at the garden
The air isn't clear yet So please get inside
I hear pirates are harassing our trade ships ?
It should be none of your interest
Because I am a woman ?
Even if you do know there s nothing you can do

I am a citizen of Ramra
In the worst case, I will do something
If you were a man we should stand next to each other
and draw swords togoether for the sake of Ramra
Only if you were a man
That's why I learned swordsmanship
and learned horsedrag
Do I have to repeat this again?
We are assuming that the pirates are from Anatora
www.janimes.com

Skadet is capable of that, I believe Moral means nothing to him.
I believe this is a part of his plan.
It s poss ble
If he s with the Barder
I th nk he s wait ng for break n balace of power and nvade
Balance It can be broken nternally



That s r ght
The n ght when we tried to stop the 30 000 sandera worth of gold
We both knew
The future of Ramra
Sadly though I don't th nk I can do my job with you
The fact that you are a daughter of the Barder
How sad



Why do you have to be a daughter of the Barder
Why do you have to be a son of the Vada
Why do you have to be the king s fancee
Why am I the king s fancee

When we have to
draw swords,

I hope that I won't be
aiming my sword at
you

If I was a man

I wouldn't have to m ss your w de shoulders

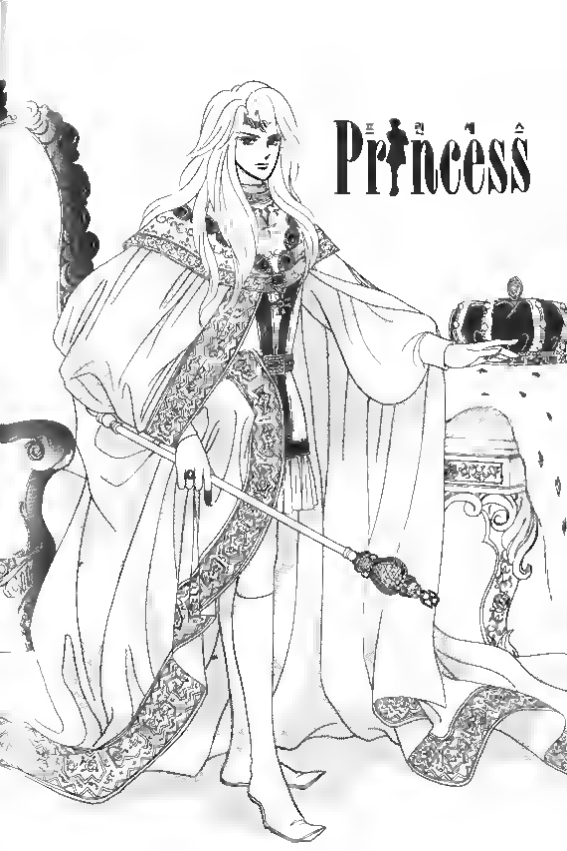
and I wouldn't have to long for
your warm eyes

The fact that I am a woman

And another fact that you are a Va da

It all makes me sad

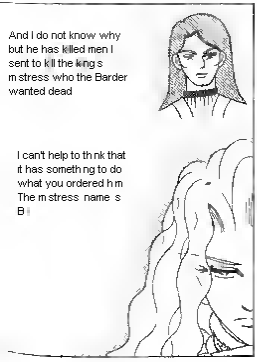
Sire, departure time for all ships within Ramira has been postponed.
In addition, delivery of Ren will be ...
Ren is not coming.
Yes ?
There s no need to wait for h m He d sappeared aga n
Anyway have you prepared men to send Ram ra as mercenar es?



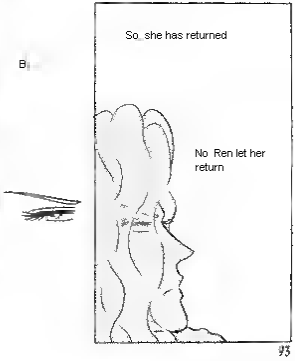
Princess

So, Ramira is hiring mercenaries.
That's the only solution for them.
Have you gather men who speak the three languages?
It was really hard but yes. I've managed to find some
The more the merrier They must be trustworthy
You can count on me
Make haste
Yes sire

He said he will protect what you ordered him to.



And I do not know why but he has killed men I sent to kill the king s m stress who the Barder wanted dead
I can't help to th nk that it has someth ng to do what you ordered h m The m stress name s B



B
So she has returned
No Ren let her return

So, you are going to be by her side and protect her until the end ... Is that it ?
But she is already Dyon's woman

The woman who the king went after when there was fire in the garden was Eriene's daughter, I hear ?
Who ? The girl who disappeared completely few years ago ?
Yeah, when the king was a prince, he hung out with her every day.
Maybe, this was her plan all along.
Think about it. If they stayed together, they would have been only brother and sister like
She hid her until she's grown up and now she's with the king.
It worked. I'd say I mean, the king has never forgotten her
She has been acting like the queen I guess she will only be more powerful from now on
She acted and looked like a priest How could she do this?

She has been acting strange lately.
I think she's pregnant. But I can't help to feel that she's being confined.
She's really pregnant ?
I am pretty sure Erene s try ng to h de it but I can tell by how she s act ng
But no doctor has been called

Because of there s no queen the throne s not stable You must have many ch ldren so that no ambt ous lord w ll revolt

Some w ll dare to take my throne ?
Do you th nk hav ng many ch ldren w ll prevent that?
The throne w ll only be stable when there are a large member of royal fam ly
Look at Ram ra
The royal fam ly member for them s the k ng
Don't you know what k nd of trouble the former k ng went through because of that ?
I don't need a fool
Your majesty,
If you happen to face your dem se n a battle
If I die,
That is it for me.
If I fail to reunite the land, no child of mine will be able to.

Sibel is not a fool
According to the teachers I've sent for him, he is incredibly smart for his age
He will never be my concern Don't waste my time any more
Don't you want to know what I did to Rebekah ?
Why would I want to know?
You don't remember what kind food you eat everyday, do you? It's just like that?

I am go ng to off cally announce that S-bel s my stepson
I am go ng to make it so that people w ll acknowledge h m
Why do you care so much ?
One day
the ch ld
I know your ambit on
may protect you

You will not be satisfied with the throne of Anatoria
Your ambition is too big to accomplish in your lifetime
When men perish in battle fields
When the future becomes hazed
All I have is a young daughter
So I am going to
count the hazed future
in hands of a boy who has the same eyes as you

Welcome
I am looking for a throwing knife that looks just like this.

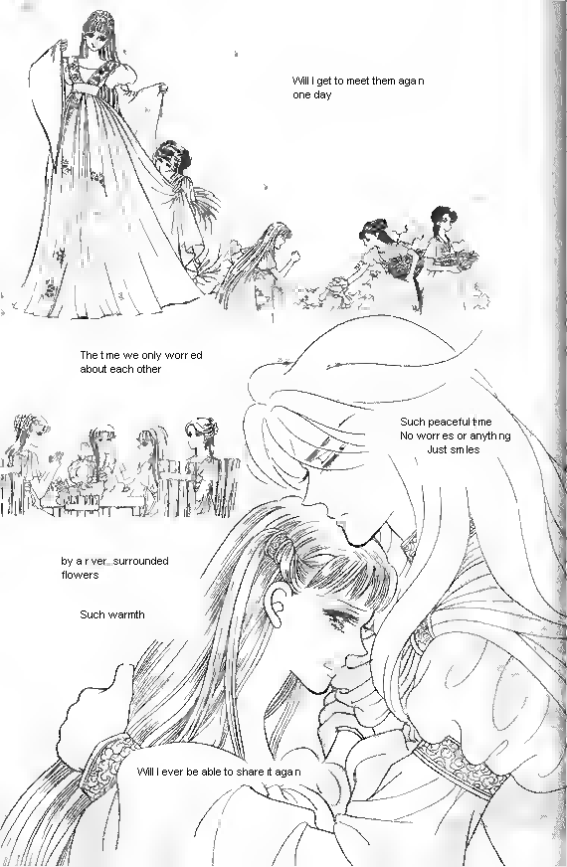
Your map was correct They found a house
Then
They must have refused to come
I m ss them so much
But I guess it s not for them
it was empty
Empty ?
They sa d the house seemed to have been empty for a wh le

But they have nowhere else to go.
At least that's why they told me.
Something bad must have happened to them !
They must have left after you left
We found a house
There was a small grave n backyard
We also found blood sta n on floor n the house
It was more lke a ru n rather than a house
Is that so
But where could they have went
If I searched for them earl er

It's my fault
No, it's mine. I was out of my mind for a while.
I was just too happy to return...
I was too happy to be back with you
Good news is that we found Vasa's mother. I've given her a new house and enough wealth
Thank you. Thank you
I am sure Vasa'd be grateful if she is watching us
Knowing what Vasa has done to you, it was only rightful thing to do
I wanted to live with everyone
I will keep searching. If they alive one day we will meet them
www.jaminies.com



Will I get to meet them aga n
one day
The t me we only worr ed

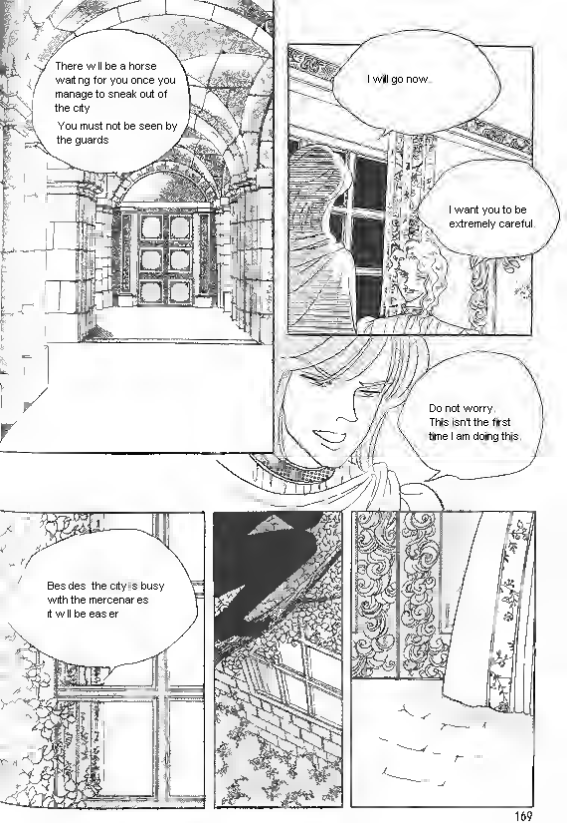
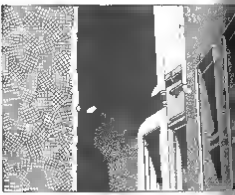
Such warmth
Will I ever be able to share it aga n

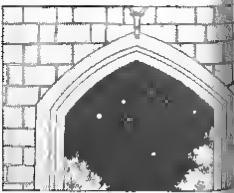
You are back, father.
Where have you been ?
I went to the city to check on public security
I heard the ports crowded with mercenaries. How's it over there ?
Too many arrived in such a short period
We might need to increase number of men for public peace and order

Anyway, I don't know why the king has called to open the council at a time like this.
Did you know that ?
Yes I do But I don't know why..either
Can't be
Yes?
No it's nothing
No way would he bring up Bilat a time like this
But since she is pregnant it's going to happen sooner or later
I don't know what to do now



There will be a horse waiting for you once you manage to sneak out of the city
You must not be seen by the guards
I will go now.
I want you to be extremely careful.
Do not worry. This isn't the first time I am doing this.
Besides the city is busy with the mercenaries it will be easier





Who are you ?!
Show yourself!

Oh look
You must have no fear Do you thnk you can defeat us alone ?

I don't know who sent you It doesn't matter though You w ll be a corpse soon
If you are a th ef and followed us you ve p cked wrong targets
No last word huh ?
How rude !
Dead doesn't speak I guess you know what you w ll become
이 야 -

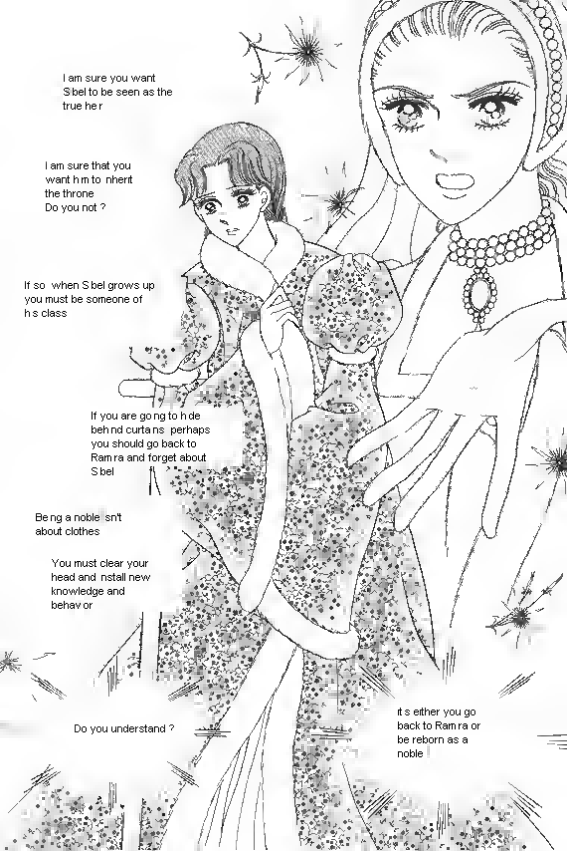
Lady...
I am just a commoner
Th s s not Ramra
As long as you don't tell anyone, no one w ll know who you were and what you d d
F rst of all you have to throw away that ragged dress
that
If you want bright future for Sibel
But
You must throw away who you were Don't act and speak l ke a commoner



I am sure you want Sibel to be seen as the true her
I am sure that you want him to inherit the throne Do you not ?
If so when Sibel grows up you must be someone of his class
If you are going to hide behind curtains perhaps you should go back to Ramra and forget about Sibel
Being a noble isn't about clothes
You must clear your head and install new knowledge and behavior
Do you understand ?
It s either you go back to Ramra or be reborn as a noble !

Even f you have good swordsmansh p f you show mercy, you become weak
If you mean to k ll your opponent make sure that they are dead

If you don't they might come back at you
If you think they are faking death, slash them once more !

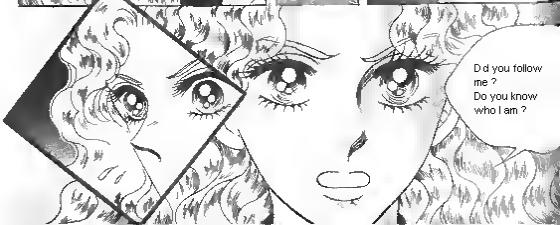
Why did you save me ?

I guess being cocky is your personality huh



Did you follow me ?
Do you know who I am ?

Of course.
I know who you are. You don't though.
I showed my face It s your turn to show yours
That s a weird theory you have
You told me to use your helmet to mend your wound
I saved your life and I already know who you are
Why should I show my face ?
It s to
repay your favor So I need to know who you are
That makes some sense
Because this bag of money isn't enough for your life

When this right time
I will surely get rest of money back
I will make sure that
You will even pay interest!

My God !
My God !
My God !
Be quet, Dayna You are going to wake up my parents

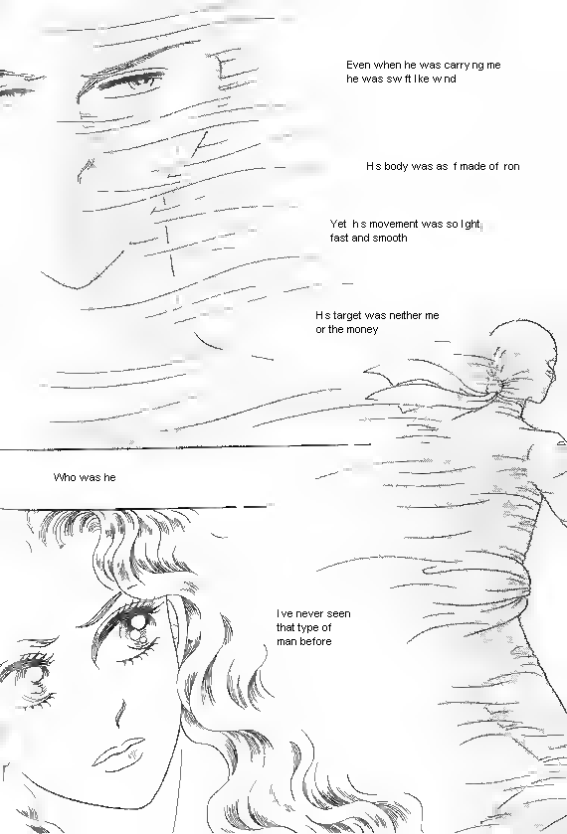
He was like a tiger

His movement

His eyes his aura



Even when he was carrying me
he was swift like wind
His body was as if made of iron
Yet his movement was so light,
fast and smooth
His target was neither me
or the money
Who was he
I've never seen
that type of
man before
